*DEDICATION
OF
THE
1969
METEOR*

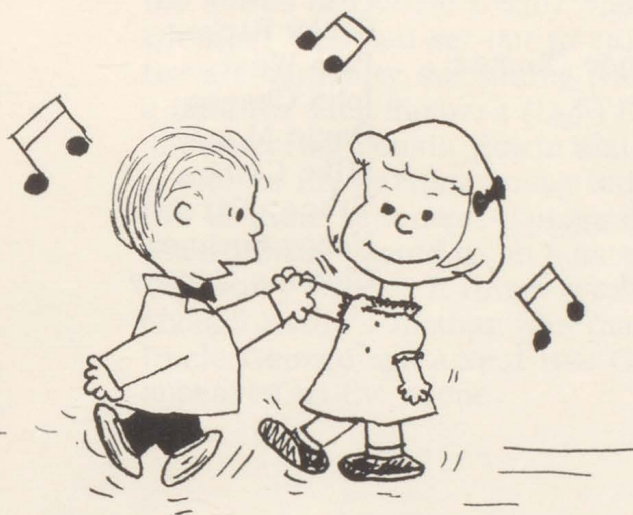

Active in both academic and athletic activities at Winslow High, Mr. Fritz is this year's Meteor dedicatee. Enthusiastic about high school sports, he has coached both track and Junior varsity football. But math is his real business at Winslow High. His sense of humor adds interest to his classes. Of value to his students is his willingness to give individual attention to anyone desiring it.

Always there with a quick wit, a mind for math, a ready smile, and an interest and enthusiasm in his students, Mr. Fritz well deserves the dedication of the 1969 Meteor.

SENIOR PLAY

Mrs. Gloster always gets her man. But WOW what tactics!

On Nov. 14 the Class of 69 presented their class play, "The Ghost of Cemetery Ridge." The auditorium was filled with laughter at the antics of Debbie Cutter and Kathy Gloster, who had set out to raise \$80,000 for a community swimming pool. Arranging a date for rich Barbara (Ugh) Dalton with unsuspecting cousin Edwin and renting rooms to mysterious young ladies were just two of their schemes. Things backfired when Edwin wanted to go hunt treasure on Cemetery Ridge. If things weren't bad enough Kathy's mother was madly chasing Uncle George and a real live GHOST appeared on the scene.

I don't believe in ghost. I don't believe in ghost. I think?

Five dollars down and only \$79,995 to go.

"The Drunkard" or "The Fallen Saved" was the best accepted play ever produced at Winslow High. What made such a good play? Maybe it was the fact that all of the actors and actresses acted exceptionally well. Maybe the script fit the people who played it. Maybe Tracey Karcher was a great director. Maybe it was the fact that everyone loves a good old-fashion mellerdramer. People like to hate villians like Squire Cribbs, and old cronies like Miss Spindle, and they like to be able to admire heroes like Edward and William and heroines like Mary and Agnes. But most of all people like to see heroes succeed and villians be foiled again.

"Edward, love, husband, do not leave me alone--- you may be sent to prison or something worse!"

"Na ha ha ha---I shall not be foiled this time!"

Grandma won't die tonight, will she, Mother?

The night started off with the Grand March.

The Prom took alot of work,

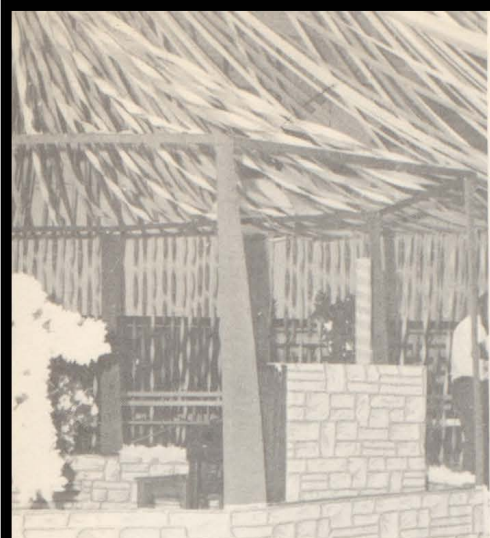

Tayva Rhoton and Richard Ackerman try the pink punch as a prom thirst-quencher.

And then Jerry looked lovingly into Jeti's big blue eyes.

Everyone was

but the results were worth it.

Could Pam's secret be that funny, Danny.

All the world's a carousel. That's what all the guests of the Junior Prom were believing by twelve o'clock midnight, when it ended so that all the Cinderellas could be escorted home before they all turned back into everyday school-girls again. The gym was decorated in shades of blue with a red and yellow center which contained the cool combo and carousel horses. The girls were given dance cards and fairyland lollipops. Mr. Taylor was crowned dedicatee and Andrea Sorenson was crowned the queen.

There were people dancing and prancing, yakking and snacking, but most of all, people were having fun.

having a good time.

Prince Charming, disguised as Mr. Taylor, escorts Cinderella around the ballroom floor before their admiring subjects.

"Laugh-In" wouldn't be complete without the boy on the bicycle (Ray Ianni).

This past summer, Arizona Boy's State was held at Northern Arizona University, and Girls' State was held at the University of Arizona. At both States, the delegates formed city governments like those of Arizona. Each delegate is assigned to one of two parties, and each party elects all the officers needed for their government. Also, a governor is elected for the whole State. They learn how Arizona's government operates and it gives them a better understanding of city and state governments. During the week, there are many guest speakers such as Arizona's Secretary of State, an FBI man, and a Congressman. Both Girls' and Boys' States are very worthwhile programs as it acquaints the young people of today with government.

Throughout the year, the girls perform many services for the school and community. They filled a basket at Christmas for a needy family in Winslow. They showed films during lunch for the students, and they also helped collect money for the March of Dimes.

Through the year, the Concert Choir participates in many activities. They begin by helping with the Chorus Variety Show. During the Christmas Season, the Choir is very busy with rehearsals and many performances. The main event of the Holiday Season is the All-School Christmas program. Other performances include entertaining many of the clubs in our city, and performing at the High School Christmas Assembly.

Each year the Concert Choir presents a Dinner Concert. The main purpose of this concert is to raise money for the Choir tour which was to the Phoenix area this year.

Their final performances include the Baccalaureate Services and Graduation Ceremonies.

This year the marching band performed at eight football games, the Homecoming and Christmas parades, the grand opening of Winslow West, and the A.S.U. Marching Band Festival.

During concert season the Symphonic Band makes many appearances which include the All School Christmas Program, Mid-Western Concert, Spring Concert, Pre-Festival Concert, Masonic Essay Awards Program, and the Graduation ceremonies. They also entered the Northern Arizona Music Festival and received the honor of outstanding band.

Several of the members put forth an extra effort and played a solo or with an ensemble at the District and State Solo and Ensemble Festival. Also eight of the band members participated in the 1969 All State Music Festival held at the University of Arizona, under guest conductor Frank Piersol, Director of Bands at the University of Iowa.

FOOTBALL

The newly created Junior Varsity B team made an outstanding reputation in their first season with a 4-0 record.

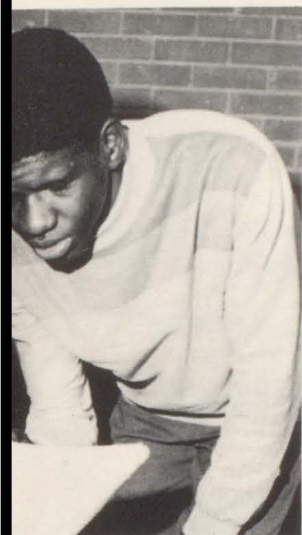

To begin the 1968 season they faced Holbrook which proved to be their hardest win. The score was 0-0 until the last few minutes of the 2nd quarter when the Bulldogs forced their way through the Holbrook line to make a TD and extra point. The second half proved nearly fatal when Holbrook tied them to a 13-13 score. But luckily in the remaining 2 1/2 minutes, the Bulldogs took the game with a score of 19-13. The Junior Varsity B team learned how to be good winners by winning the remaining games with a leaway of at least 22 points in each of the final scores.

The Freshmen football teams struck fear in the hearts of all the boys on the opposing teams this year. Even though the opponents set up a wall of pure strength in each game, our freshman teams were always there to break their spirit by trampling them into the field and coming out on top in every game. Special note from the coaches--IT WAS GREAT.

What appeared to become a disastrous season for the young Bulldogs turned out to be quite a pleasant surprise. The Junior Varsity proved that they could play together as a team and this was the most significant factor of the season. The 1968-69 season proved to be very interesting in that it revealed potential talent for next year's varsity.

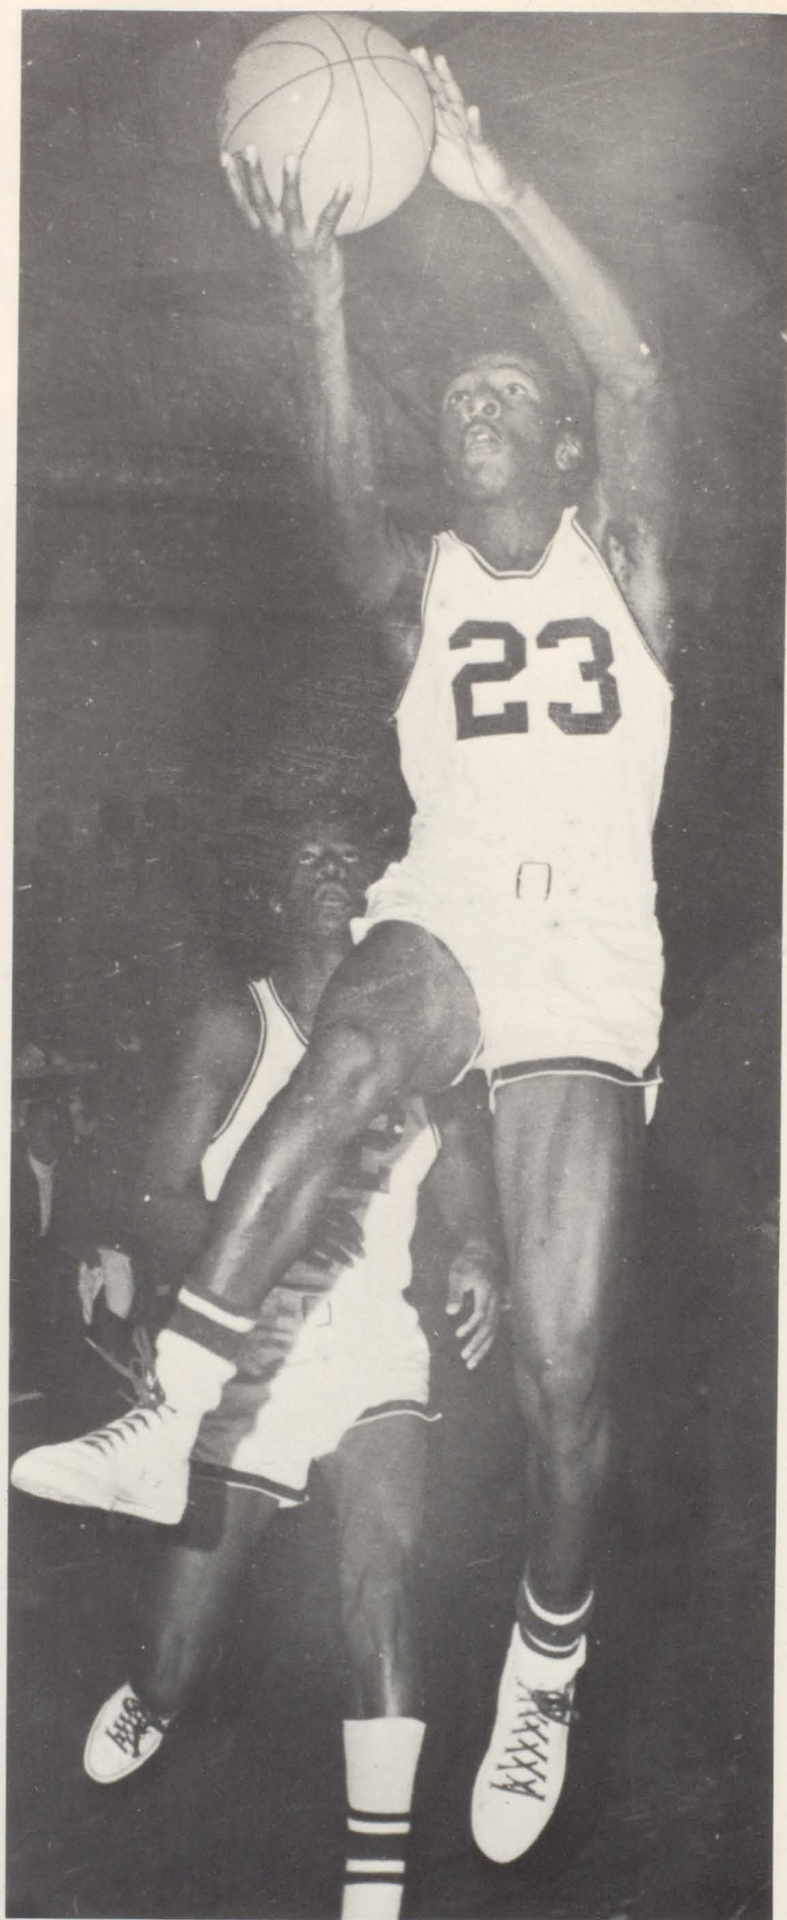

Row 1; E. Clarke, O. Joseph, R. Bradford, D. Clark, P. Renfro, T. Oso, L. Graff. Row 2; A. Charley, R. Whitney, B. Dean, M. Faucher, D. Lane, G. Hardy, M. Beaty, Coach Downing.

Garry Hardy, Bob Dean and John Warren controlled the rebounds as well as contributed in the scoring department. However, it took leading scorer Darrell Lane, and Ray Whitney's ball handling to further round out the team. It was Tilfred Oso's defensive plays that kept Winslow's opponents confused most of the season. It was definitely a team effort!

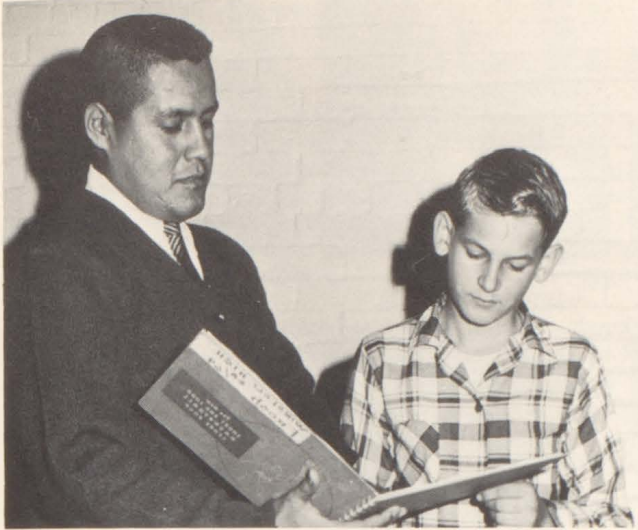

Ed Thomas (25) out rebounds his opponent in the Phoenix Indian game.

Gary Hardy (23) makes a lay-up for two points.

FRESHMAN BASKETBALL SCORE BOARD

Coach Wilcox and manager Alan Aipperspach go over the team record.

The 1968-69 Freshmen basketball team opened the longest game schedule ever played by a WHS Freshmen team. There were 18 games scheduled. The team lost the opening game to St. Johns but they came back strong with 3 victories over Snowflake, East Flag, and Kingman.

With 11 games remaining the team played with a lot of hustle and desire but only managed two more wins. During this campaign four games were lost by two or ten point spreads. The experience gained by stronger competition and the longer season gave WHS a lot of potential talent for next years J.V. team.

1969 CLASS "AA" STATE CHAMPS

Coach McArthur congratulates Randy Brummett and Steve Sandoval for winning at the State Meet.

The varsity achieved new heights by finishing their first completely successful season. They won 11 dual meets, 4 tournaments-including the Snowflake Holiday Tournament, the Winslow Invitational, Division I Tournament at Coconino and the State Meet at Tempe and Mesa. They finished by winning the AA State Championship and had six individual state champions.

The wrestlers have a victory string of 18 dual meets and 8 tournaments, including 2 state championships, since suffering their last defeat. They have a six-year record of 4 team state championships and 2 runner-up state championships. They have also had 17 boys win individual state championships during this period.

This year's varsity had something special about them. They were able to always come up with a winner-in spite of injuries and many troubles which besets a championship team. They trained hard and gave everything they had in every match and tournament. Coach McArthur can be very proud of his "winningest" team since he took over as coach of wrestling in 1957.

Coach Alford

Coach Alford took over as Freshmen Wrestling Coach in the fall of 1968 and did a very fine job. Do We Really Need Nine Hundred Hoover Dams?

No. Because natural gas is with us. But it would take the power output of *more than* 900 Hoover Dams to equal the energy flowing through the nation's natural gas pipelines each day.

Over 797,000 miles of gas pipelines now criss-cross the country. Which isn't surprising when you consider that more than 28,000,000 American families are heating with gas. Not to mention those who use it for cooling, cooking, water heating and clothes drying. Or the 26,000 ways in which 168,000 industrial plants are using it.

More than a million new customers each year are turning to gas because it does these modern jobs more efficiently. More dependably. For less money. So who needs 900 Hoover Dams?

If you want the job done right  ... do it with gas.

As the Editor of the 1969 Meteor, I have many experiences to look back upon. The year was an exciting one, as we have tried to depict in this Yearbook. It is my earnest hope that we have well represented your high school days.

In preparing our 1969 Yearbook, the annual staff has contributed many hours of hard and tedious work. Believe it or not, we met our deadlines and came through with few casualties, and some good ideas to show.

Our theme this year has been "happiness is." To an editor, happiness is an excellent Advisor. Without Mr. Conatser's supervision this annual would not exist.

To an editor, happiness is a hard working staff. I thank each of the staff members for every minute of their time spent on the annual. I extend a special thanks to Debbie Mitchell and the advertising staff for their excellent work.

Of course, a very special thanks goes to you, the students. Without you, there would not be a yearbook. It is my earnest desire that you will continue to give more support to the payment and production of the Winslow High School Meteor.
